

“future ministry” Meeting – Hinckley July 2008

Unitarianism’s future ministry Panel, which has been entrusted with planning to enable spiritual leadership in all Unitarian communities met for an intensive 2 day session at the Great Meeting, Hinckley at the beginning of July.

Members of the Panel are the President, Vice President and Chief Executive of the denomination, four members of its governing body, Revs. Linda and Don Phillips, The Panel stayed in a local hotel and ate at restaurants in the town – all of which provoked very positive comments compared to their experiences at other venues.

By the end of the meeting, the Panel had developed proposals on new ways of delivering ministry, which will be submitted to the denomination.
